

Navin D

Full Stack Developer

Vellore, Tamil Nadu, India

☎ +91 9342526161 — ✉ navindcse@gmail.com —  LinkedIn —  GitHub — Portfolio

Professional Summary

- Full Stack Developer with nearly one year of experience building and maintaining web applications using React.js, TypeScript, NestJS, and PostgreSQL. Experienced in developing responsive interfaces, REST APIs, database solutions, accessibility improvements, and delivering end-to-end feature development.
- Continuously learning networking fundamentals and applying AI-assisted development tools to improve productivity, debugging, problem-solving, and software development efficiency.

Technical Skills

Frontend: HTML5, CSS3, JavaScript, TypeScript, React.js, Tailwind CSS, Vite

Backend: NestJS, TypeORM, REST APIs

Database: PostgreSQL, SQL, Database Design

Version Control: Git

Tools: Visual Studio Code, DBeaver, Swagger, Command Line

Development Practices: Agile Methodology, Scrum, Accessibility Testing

Experience

Finstein

Aug 2025 – Present

Full Stack Developer

PrimeVyuh – Financial Advisory Platform (Client Project)

- Developed and maintained full-stack features for the Admin Portal and Website using React.js, TypeScript, NestJS, and PostgreSQL.
- Designed responsive user interfaces from Figma designs with focus on usability and cross-device compatibility.
- Developed and integrated REST APIs to support frontend functionality and application modules.
- Designed and maintained PostgreSQL tables, relationships, and queries using TypeORM.
- Debugged and resolved frontend, backend, and database issues to improve application reliability.
- Performed accessibility testing using NVDA and Colour Contrast Analyser (CCA) and implemented UI improvements.
- Used Git, Swagger, and DBeaver for development, API testing, and database management.

Vornix – Internal Project

- Contributed to full-stack application development by building UI components, REST APIs, and PostgreSQL database structures.
- Integrated frontend and backend modules while troubleshooting development issues.
- Participated in end-to-end feature development following software development practices.

Training Phase

- Developed frontend applications including portfolio website, calculator, landing pages, and To-Do List application.
- Learned Git workflow, coding standards, and collaborative software development practices.

Zoho Corporation

Aug 2024 – Sep 2024

Frontend Developer Intern

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Built reusable UI components and gained practical experience in frontend development practices.

Education

Kingston Engineering College	2021 – 2025
Bachelor of Engineering in Computer Science	CGPA: 8.1

Certifications

- Networking Essentials – Cisco Networking Academy
- Full Stack Development – Edunet Foundation
- Database and SQL – Infosys Springboard
- Introduction to Agile Methodology – Infosys Springboard
